

Search Warrant Mod Tools

By: Tjmaxmillion
Date: 07/18/24

These tools are designed to simplify tasks so you can stay focused on the scenario.

As of now there are three tools at your disposal.

The Group Overview, The Dispatch Log Generator and The Timer.

Group Overview

Search Warrant Dispatch Generator

You are moderating Group 5, Echo and Foxtrot  

Here you can see your group and squads, These are clickable links. They will take you directly to the channel so you don't have to look for them. Your instigating squad should appear first, If it doesn't use the  Swap Squads Button. If you need change your group or squads use the  Edit Button.

Dispatch Log Generator

	Instigating Squad
Echo	
	Officer Squad
Foxtrot	
	Response Type
	World
	Situation
	Safety
Copy Log To Clipboard 	

Here you can enter data about the scenario to generate a dispatch log. The Squad information is prefilled, to edit or swap it reference the above section. Response Type and Safety have presets for common things but you can enter your own. Once you've finished your log and are ready to post it, you can click the copy button at the bottom and paste it into the dispatch log. you will be redirected there automatically. This button will also clear the form and swap the officer and instigating squads for you.

The Timer
